

## Library Patron Cards, Key Tags and Bookmarks

PermaCard is the most innovative loyalty/membership cards solution available today, and are the preferred source for patron credentials used by public libraries. PermaCard technology offers our customers a variety of superior card products that are fully customizable to meet your card marketing needs.

With over 100 configurations to choose from, including cards, key tags, card/key tag and card/key tag/bookmark combinations, you're sure to find the solution that best fits your library. View all of our configurations online at [www.permacard.com/resources/shapes-sizes](http://www.permacard.com/resources/shapes-sizes).

Our high volume production runs of the products we offer translates to big savings for you! Contact us today for samples, pricing and additional information on how we can help your library!

PermaCard produces a variety of patron identity credentials for over 800 public libraries in the US.

- Available in a variety of configurations and thicknesses.
- Optional signature areas, bar coding, and up to 4-color printing front and back.
- Inner-packed in strong, white, one-piece boxes – easy to store and handle.
- All printing and bar coding is protected by the laminate so it can't wear off.

For pricing, just give us a call. We'll need the quantity, die number (PC5 for example), the number of versions in the order and thickness. That's it!
